Subject: **NFL Grassroots Program – Funding Commitment**

Dear Mr. Andresky:

Based on my recommendation, the Town Administrator has authorized the use of \$62,245 of the Town's Community Development Block Grant (CDBG) funds as match for the Town's submission to the NFL Grassroots Program.

As you know, the proposed site is located within the Town's CDBG Target Area, which is also the Town's Community Redevelopment Area. This area has been identified as "Target Area" because of the high concentration of low/moderate income Davie families.

Furthermore, the construction of a new football field is aligned with one of the goals of the Town's CDBG program, which is to make improvements to public parks and facilities that benefit low/moderate income individuals.

I look forward to a successful grant application and moving forward with the much needed improvement to this community.

Sincerely,

Giovanni Moss, Director  
Housing and Community Development
